## Prebiotic actives

PRODUCT NAME / INCI	DESCRIPTION
 <p><b>preBIULIN FOS</b> INCI: Inulin, Fructose</p>	<p><b>"UNLOCKING THE SKIN MICROBIOME CODE!"</b></p> <p>This prebiotic sugar controls our skin microbiota and reinforces the skin barrier against external attacks such as pollution, UV, aggressive chemicals. Purifies the skin by enhancing the antimicrobial effect of ethanol. preBIULIN FOS outsmarts synthetic conditioners. Protects daily your beauty. Ex-vivo tested.</p> <p>      </p>
 <p><b>preBIULIN C90</b> INCI: Cellulose Gum, Xanthan Gum, Inulin, Cellulose, Glucose, Fructose</p>	<p><b>"3 IN 1 THICKENER!"</b></p> <p>Natural derived prebiotic thickener for shampoo, gels, serums and emulsions. Suitable transparent formulas. Replace all acrylates. Provides smoothness and reduces the drying out effect of showergels. Stabilizes emulsions in the presence of alternative preservatives.</p> <p>      </p>
 <p><b>preBIULIN OP</b> INCI: Cichorium Intybus Extract</p>	<p><b>"IMMORTAL WHITE!"</b></p> <p>Natural opacifier. Supports the growth of the protective lactobacilli. Blocks the invasion of fungi. The ideal choice for intimate hygiene products and scalp treatments.</p> <p>      </p>
 <p><b>preBIULIN AGA</b> INCI: Inulin</p>	<p><b>"THE GIFT THAT KEEPS GIVING"</b></p> <p>Hydration through the skin microbiota. A prebiotic super moisturizer with a counter preservative action. preBIULIN AGA undoes the damaging effect of the daily use of preservatives. As a moisturizer preBIULIN AGA outsmarts the emperor of hydration: hyaluronic acid.</p> <p>      </p>
 <p><b>BIOLIN/P</b> INCI: Inulin, Alpha-Glucan Oligosaccharide</p>	<p><b>"A DELICATE LOVE STORY!"</b></p> <p>A prebiotic sugar extract from the chicory root. Controls the protective microbiota. BIOLIN avoids skin redness and diaper rash. It is an essential ingredient for the intimate female hygiene as it balances the protective lactobacilli bacteria. Clinically tested for baby care and intimate hygiene.</p> <p>       </p>

## Starches / Exfoliants

PRODUCT NAME / INCI		DESCRIPTION
 <p><b>REMYTEC F-I</b> INCI: Oryza Sativa Starch</p>	    	<p><b>"A BENEFICIAL RICE STARCH!"</b> Remytec F-I is a native rice starch obtained by a unique purification process. Thanks to this micro-particle size Remytec F-I acts as a micro abrasive cleanser. It absorbs dirt and sebum from the skin like a vacuum cleaner. Ideal for mild cleansing products for sensitive, damaged skin and baby skin. Particularly suitable for Acne prone skin. Also available in COSMOS certified version.</p>
 <p><b>REMYTEC S-750</b> INCI: Oryza Sativa Germ Powder</p>	   	<p><b>"EXFOLIATION IN BALANCE WITH YOUR SKIN AND WITH NATURE!"</b> Remytec S is a powder obtained by milling the rice grains. It offers a mild but effective beauty exfoliation. An economical and natural alternative to PE-beads. Different particle sizes are available.</p>

## Emollients

PRODUCT NAME / INCI		DESCRIPTION
 <p><b>GOSULIN IL</b> INCI: Isoamyl Laurate, Isoamyl Cocoate</p>	    	<p><b>"NATURAL SOLUTION WITHOUT COMPROMISES!"</b> A vegetable derived emollient derived from renewable natural sources such as sugar and coconut. Gosulin IL possesses unsurpassed properties to replace volatile silicones. Reduces the whitening effect of emulsions. Improves spreadability. Endless possible application. A game changer in the development of natural cosmetics.</p>
